Power Pole Toppled

Crash Perils Pupils

Hint Family Row to Blame

Scores of Washington Hi Students escaped possible death or injury Monday when a speeding car sheared off a power pole in front of the school, scattering live wires in all directions.

The car was driven by Mrs. Gloria Shanek, 36, wife of Floyd Shanek, who operates a service station some 200 yards south of the school. Mrs. Shanek was taken to Fairmont Hospital with head injuries. She is recovering.

A witness, Roy Bretchel, 33, Oakland egg salesman, following Mrs. Shanek's car, told The Register:

"She didn't swerve or hit the brakes, just went straight for the pole. She must have been doing 70."

Brechtel said Mrs. Shanek's husband sped after her in a truck. When Brechtel and Vice-Principal Irving Hird braved the live wires to lift the woman from the overturned coupe, Brechtel said Shanek remarked that he and his wife had been quarreling.

The accident happened exactly at 12:30 p.m., only eight minutes after students from the first lunch period had cleared the lawn next to the pole, and less than 10 minutes before a second lunch group was to be released.

Also sheared off by the impact was a fire hydrant, which however was not connected at the time.

Hird rendered first aid until ambulancemen took Mrs. Shanek away. PG&E repairmen quickly cut away the wires, which had disrupted service to part of Centerville.

The Shaneks live at 1070 Grand Street, Hayward.

ENGINEER TO SPEAK

Douglas Carmody, safety engineer for the County Highway Department, will discuss proposed stop signs at Baine and Blacow Roads before the Centerville Chamber of Commerce next Monday. The intersection has been the scene of several accidents, and the chamber asked for the signs there.

Charles Kaiser Dies

Charles Kaiser, 71, died October 24 in an Oakland hospital after a long illness. He was a native of Pennsylvania, and a retired railroad worker. For the past several months he lived with his brother, Walter, at 236 North Main Street, Centerville.

He was interred at Oakland Cemetery, Pittsburgh, Pennsylvania, with arrangements by Chapel of the Palms.

20-30's MAP TOY DRIVE FOR KIDS AT CHRISTMAS

Got any broken or discarded toys? Take 'em to your local firehouse this week so the Washington Township 20-30 Club can fix them up for needy children.

Boxes for the toys are being placed in all the firehouses of the Township.

Alvin Rose of Niles has been named chairman of the club project. Residents are asked to take the toys to their respective fire halls on the nights when the firemen are attending meetings. No toys should be left at the halls unless firemen are present.

The old theater building on First Street in Niles has been loaned to the club by Ted Tully for a workshop. The toys will be repaired, painted or assembled by club members at evening sessions and will be distributed during the week before Christmas.

NEWARK SCHOOL TO CALL BOND POLL

Newark will be asked to vote $200,000 in bonds and to accept $450,000 in State aid to build a 7th-and-8th grade school.

Supt. Jack MacGregor announced today his trustees, headed by S. G. Scott, have requested a February 9 election.

Site of the new school has not been disclosed, but is understood to be near the present school, which now is jammed with 687 pupils.

Approval of the new school site was received this week from the State. Plans call for a library, shop, visual-aids room, homemaking room and an undetermined number of classrooms.

The trustees recently adopted a policy whereby smaller kindergarten-through-sixth grade schools of "neighborhood" type be built, with older students concentrated in a central 7th-and-8th grade building.

MacGregor said only about $100,000 of the bonds can be sold until assessed values increase.

Prizes, Fun

Niles Halloween Fete Saturday

Ghosts and goblins will walk the streets of Niles Saturday night—but it'll all be in fun for the local Merchants' Committee's annual Halloween parade and free theater party.

The merchants are sponsoring:

1. Prizes totaling $13 for the best Halloween decoration made with "whiting" powder on their windows by local youngsters.

2. Prizes also totaling $13 for the best parade costume.

3. Free "spook" films at the Niles Theater for all costumed paraders.

Heading a committee on arrangements are Ted Tully and Theodore Econome.

The parade, co-sponsored by the Niles School District, will start at 6 p.m. from the school grounds. It will wind east on Second Street, north on J, then west on First to the theater.

Hundreds of youngsters are expected to take part.

Free windowpaint powder is available at local stores.

GUNS, RAGE LAND HENRY IN KLINK

Short-tempered Henry Bier, 37-year-old Niles Canyon resort operator, was in jail again after another bout of self-expression with firearms.

Bier was arrested Saturday night after he reportedly fired a shotgun into the radiator of a car in which a young Oakland couple were parked near his establishment listening to the radio.

Eubert A. Honore, 26, and his companion, Betty L. Becker, 26, said they were unable to ascribe any motive for Bier's action. Deputy sheriffs who jailed Bier said he had been drinking.

Last June Bier summoned his wife, Thelma, 38, to their bedroom from the family kitchen with the words: "Come here honey, I want to shoot you." He did, in the shoulder, with a revolver.

Bier served a jail term for this incident. Now he is charged with displaying a weapon in a threatening manner.

D. L. ROSE IN KOREA

Army Pvt. David L. Rose, 20, son of Mr. and Mrs. Lawrence Rose, 138 Parish Avenue, Centerville, is serving with the 40th Infantry Division in Korea.

Private Rose, whose wife, Jeanette, lives in Alvarado, is a member of the 160th Regiment. He entered the Army last February and completed basic training at Camp Roberts.

'Layoffs' Protested

Pacific States Steel Mill Idle As 450 Unionists Hold 'Meeting'

The big Pacific States Steel mill at Niles was idle this week following a dispute which broke Monday night between management and the CIO United Steelworkers over proposed layoffs. Some 450 men are affected.

Plant Superintendent E. C. Thomas termed the stoppage "an unauthorized walkout." Leon Curtis, president of Local 3367, USWA, said his union isn't on strike—"only in a continuous meeting to discuss counter-proposals after management refused to bargain with us."

No pickets appeared at the idle mill, and the neighboring American Forge Co., also owned by Pacific States interests, continued to operate with about 60 AFL ironworkers on the job.

Curtis said Thomas called a meeting last Thursday with union representatives, and specifically proposed that on November 2, operation of the 26-inch rolling mill be conducted with 10 men on a shift instead of the present 23. Curtis said Thomas explained that modification of plant equipment would permit the reduction, and that "some but not all" of the 39 men thus affected would be absorbed into other jobs around the mill. Curtis estimated plant-wide layoffs proposed to date would affect 90 men.

Seventy striking members of the CIO United Steelworkers Tuesday night voted to return to work today at Decoto's U.S. Pipe & Steel plant, following a seven-week walkout over retroactive pay. The union estimated members will get from ½ cent to 3½ cents per hour, dating back to September 15, 1952.

The union contract expires next July and, according to Curtis, it calls for "negotiation of any change in crew status." He said this the management refused to do. However, Thomas said the union delegates "pulled an unauthorized walkout before the proposed changes went into effect."

Meetings of union members were in session Tuesday and Wednesday in their First Street headquarters. At the mill, Thomas said no further negotiations are scheduled.

The mill had been operating at reduced capacity, with only two of the three open hearth furnaces running. Principal output had been structural steel. It takes about three days to heat a furnace after a shutdown.

In Niles for the union meetings this week was Jim Robinson, USAW international representative.

Niles Zoning is Ready for Public

A public meeting will be called in the Niles Grammar School December 1 to test local sentiment on protective zoning for the Niles area.

This was tentatively agreed Tuesday by the Niles Chamber of Commerce and County Planning Director John Jay Thomas following a final planning session in the International Kitchen.

"We've got most of the major bugs out of the plan," said Chamber Pres. C. W. Chrysler after the conference. "Now it's up to the individual citizens."

The public meeting must be followed by official hearings before the Planning Commission and Supervisors before any zoning can be instituted.

No opposition appeared at the Tuesday luncheon. Ironed out were a few "bugs" which cropped up at a similar meeting two weeks ago. The plan now includes:

1. Residential zoning for Old Town.

2. Industrial zoning west as far as Shinn Road south of Alameda Creek. Also north of Kraftile.

3. Eight-thousand square-foot lots in most of the outlying tracts, with 10,000-footers in the west portion of Adobe Acres and north of the Southern Pacific tracks west of town.

4. The business district of town in its present location, extending south past Second Street.

5. Most of the outlying land zoned "agricultural," thus placed in a "holding" category for future development as circumstances dictate.

Expected opposition to residential zoning on Highway 9 south of Alameda Creek failed to materialize. Mr. and Mrs. Keith Comfort, who had obtained a petition to zone both sides of the highway for business, asked questions, but appeared mollified when they saw a shopping center proposed for the corner of Morrison Avenue and Highway 9, which they own.

Thomas said the State objects to "strip" commerce along main roads.

S.P. STAKE HERE SAID BIGGEST

The Southern Pacific's "biggest stake" at this time is in Alameda County, a railroad agent told the Niles Chamber of Commerce Tuesday.

R. D. Rodenberger was taking part in a planning session to look out for his company's interests. He said he had no objection to the Niles yards being placed in a "heavy commercial" classification as proposed by county planners.

"We want to be protected," Rodenberger said. "Our biggest stake at this time is in Alameda County. We fully expect the growth in the next five years will exceed the development of the past five."

May Ask Labor, Industry, Farms in Township CC

Plans to broaden membership in the Township Chamber of Commerce got new impetus this week, with recommendations presented by Gus Robertson, chairman of a reorganization committee.

Robertson suggested:

1. Individual towns retain their three delegates apiece—a total of 24—as "directors."

2. Industry, labor, business and agriculture to be allocated three directors apiece—a total of 12.

3. Membership to be open to anyone.

4. Directors to hold meetings before membership sessions to lay out agenda and make recommendations to the members as a whole.

5. All members to be accorded a vote at their meeting.

"We felt it wasn't right for one group to control the destiny of the Township," Robertson explained.

He said he will call a meeting of his committee next Monday to iron out a specific recommendation for vote at the November 23 chamber meeting.

Meantime, Robertson said, he wants his committeemen to contact industries, farmers, labor and other groups to see if they approve.

Reorganization of the Township-wide chamber has been an issue for several months.

PAY COUNTY TAX HERE ON FRIDAY

Alameda County tax assessors will be at the County Office Building, Fremont Avenue, Friday, October 30, from 8:30 a.m. to 3 p.m. for anyone wanting to pay their personal property taxes. Any other time after October 30, they will be paid to the Tax Assessor's Office, Alameda County Court House, Oakland.

Hunters Charged

Tresspass warrants asking $50 bail apiece were issued here Monday for six Oakland youths charged with illegal hunting on Stivers Pond, between Niles and Irvington.

The warrants, asked by Bill Estudillo and Gilbert B. Scott, Niles Duck Club members, are sought against hunters Scott and Estudillo surprised on the pond October 16.

They are for Paul Havlicek, 18; Delmar Adams, 17; Robert Payton, 18; Joe Miller, 18; Bob Cataluna, 17, and James Kuhn, 18.

USD CAN'T RUN TOWNSHIP DUMP

Despite Chamber of Commerce hopes to the contrary, the Union Sanitary District can't operate a Township garbage dump.

This is the opinion of Leon Clark, attorney for hte district, as expressed last week to the district board of directors.

Washington Township Chamber and other bodies had besought the district to assume operation of a dump where trash can be hauled, or to join with other Township districts to do so.

But Clark told the USD directors:

1. State law forbids a sanitary district to give services to areas outside their limits.

2. Thus garbage brought to the dump—if one were established—would have to be inspected for its origin. Such a practice would entail considerable expense, according to Chairman George Coit, and is "manifestly impractical."

LINE UP FOR CRUSADE—Representatives of two major Township industries show how they supported the United Crusade, now in progress here. Barbara Santos and Don DeForest (rear) wave checks totaling nearly $2900, which they received from fellow employes and management of Kimber Farms, Niles. In center, Ray Moran, manager of Newark's big Westvaco Chemical Works, displays $1000 check his company donated. (Register Photo)

Stratton is Suicide

George Stratton, 72, former manager of the Morton Salt plant in Newark, committed suicide Monday in his home near Los Gatos, leaving notes blaming ill health.

Stratton was former president of the Niles Rotary Club. He retired from Morton in 1946. He leaves a daughter, Mrs. Annette Scheibel, of Pacific Palisades.

Death was by carbon-monoxide poisoning. In notes, Stratton said he had been suffering from arthritis.

F. S. Rivenburgh Dies

Services will be held today at Redondo Beach for Frank S. Rivenbaugh, 84, of Niles, who passed away Monday at an Oakland hospital.

He was the husband of the late Lillian Rivenbaugh; father of Mrs. Mary Cordes of Niles, Gilbert Rivenburgh of Glendale, and the late Frank Rivenburgh; grandfather of Mrs. Wilmer Helm of Van Nuys. He was a native of New York City.

TB Seal Sale Opens November 16 in Township

The 45th annual sale of penny Christmas Seals to finance anti-TB work will open in Washington Township and other Alameda County communities Monday, November 16, it was disclosed here Friday at a meeting of area leaders of the Alameda County Tuberculosis and Health Association.

Funds received from the sale, which will continue through Christmas Day, will be used to finance year-round work of the TB Association in the fields of TB detection through provision of free milifilm x-rays and other activities, public and professional education, research and patient rehabilitation projects. Edward E. Enos, Alameda County seal sale chairman, gave this explanation.

In addition to learning of plans for the 1953 Christmas Seal sale, persons in attendance at the session heard Southern Alameda County's efforts to curb tuberculosis commended by East Bay TB experts.

Approximately 60 community representatives listened as Dr. Thomas R. Purdue, assistant county health officer, cited the outstanding public response to the current minifilm chest x-ray survey in Washington Township.

Comparing this year's results in the survey, jointly sponsored by the County Health Department and the TB Association, with a similar activity last year, Dr. Perdue pointed out that there is an increase of approximately 70 per cent in the number of minifilm x-rays taken,

Last year's total for the project was 1170 x-rays while this year, with the survey as yet not completed, 1950 free minifilms have been taken.

He called attention to the fact that this TB case-finding activity is but one part of the program made possible by the sale of Christmas Seals.

Congratulating the Southern Alameda County people on their "splendid organization" in the TB fight, James A. Wainwright, president of the TB Association, paid special tribute to Mrs. J. R. Whipple, whom he credited with stimulating community interest into action in the TB movement over a period of some 39 years. Wainwright also commender Mrs. W. H. Ford, another long-time TB Association worker, for her activities.

Twenty-one East Bay communities are included in the Alameda County sale, which will coincide with Christmas Seal sales throughout the state and nation, it was pointed out.

Idea for selling colorful holiday stickers at a penny apiece to provide funds for the tuberculosis fight was introduced in the United States in 1907, making this year's national sale the 47th in TB movement history.

DIAL PHONES FOR IRVINGTON - SOON!

First step toward a dial-phone exchange for Irvington was taken Monday when the County Planning Commission granted a use-permit for such a building on Washington Street, south of the present business section.

S. D. Smith, manager of the Hayward division of the Pacific Telephone & Telegraph Co., was unable to say when construction will start. But he confirmed the report that when completed, the exchange will supply dial service for Irvington, the only Township community now without it.

The local chamber of commerce has endorsed the request.

At the commission meeting, Chairman R. J. Wright, who lives in Irvington, said he hopes the exchange "will improve service there."

NEW OFFICE FOR HAYWARD PT&T

Work began October 15 on a new one-story reinforced concrete building at the corner of Main and D Streets in Hayward, to house Pacific Telephone's new, enlarged business office. The 85 by 113-foot building will front on Main Street.

S. D. Smith, manager for Pacific Telephone, reported today that the company hopes to move into the new quarters about mid-January. It has been designed to provide up-to-date facilities for the convenience of Hayward customers including a night payment depository and out-side telephone booths.

The first telephone office in Hayward was built in 1908 with a staff of three employees, and was moved to 1025 A Street with a force of 12 people in 1945. Three years later, the office was moved to 1201 A Street and now has a staff of 45.

Citing the steady population and economic growth of the Hayward area, as the reason for this substantial increase in the number of employees required to handle telephone business transactions, Smith stated that there are now more than 26,100 telephones here, an increase of 380 per cent since 1945.

In addition to caring for telephone business matters for Hayward subscribers, the office also handles business transactions for subscribers in Alvarado, Centerville, Decoto, Irvington, Livermore, Mission San Jose, Newark, Niles, Pleasanton, Sunol, Castro Valley, Warm Springs and part of San Lorenzo.

The 20-inch Hale telescope is located on Mount Palomar in San Diego County.

NUMBER PLEASE! CC HAS SEIDEL'S

A probe into need for an expensive two-way radio-telephone in the official car of County Superintendent of Schools Vaughn Seidel was demanded Monday by the Centerville Chamber of Commerce.

"I know the sheriff needs a radio-phone," said Eugene E. Manning. "But since I got my tax bill, I've been wondering why the superintendent of schools does."

On Manning's motion, the chamber agreed to send a letter to the Supervisors asking why Dr. Seidel requires the phone.

DECOTO SCHOOLS CALL BOND POLL

A special election to authorize a $230,000 bond issue and a loan of $1,500,000 from state funds, was authorized by trustees of the Decoto Elementary School last week.

The election will be held on January 7.

The money is to be used for the purchase of school sites—probably across the highway from Hillview Crest—buildings, additions to present facilities, purchase of euipment, improvement of grounds and drainage, according to Dr. Harold Schoenfield, district superintendent. A two-thirds majority is necessary for the bonds.

The funds, if voted, will take care of estimated school needs for the next three years, Dr. Schoenfeld said. Increased assessed valuation by then may cut the tax rate. Meantime it would be increased by about 10 cents per $100 assessed valuation to a total of $3.339.

Santa Clara Tough, Huskies Lose 26-0; Face Mt. View Tomorrow

By BOB HIRD

Unable to penetrate a stubborn defensive line, the Washington Huskies dropped a 26-0 decision Friday night to league-leading Santa Clara on the local gridiron.

The Huskies, who now support a 1-1-1 mark in league play, face Mountain View tomorrow night, and hope to get back on the winning trial.

Friday night's contest was Santa Clara's all the way. The Panthers, who have yet to be scored upon in league competition, not only showed a strong defense, but also a powerful offense.

The 'Clarans picked up their first six points early in the going when Halfback Walt Boyarsky climaxed a 70-yard drive with a 14-yard jaunt into the end zone.

They widened the margin to 13-0 just before the half ended, recovering a fumble on the Husky 35. Five plays later Halfback Fred Blanco cracked over from the six.

Boyarsky and Blanco also accounted for the Panthers' two remaining tallies. Boyarsky intercepted a shovel pass midway in the third period and scampered 10 yards for the score. Blanco broke off tackle early in the fourth quarter and romped 41 yards to pay dirt.

The Huskies threatened the Panther goal several times, but fumbles or intercepted passes always cut their rally short. Clarence Souza, hustling guard, shone for the losers, as did End Carl Von Euw.

Tomorrow night's contest, which will be played on the Eagles' gridiron, could be rated a tossup. The Eagles have a 0-3 mark in league play, But they have lost to the three top teams in the league: to Campbell 26-7, to the league leading Panthers 6-0, and last Friday night they nearly pulled the year's upset before losing to Fremont 13 to 8.

The Eagles are paced by a fleet back, John Horrillo, and by all-SCVAL Center Ron Bryan. Kickoff is set for 8 p.m.

LAST PLAY—Final down of last week's 0-26 loss to Santa Clara found Husky defenders successfully staving off a Panther threat on their own 10-yard line. PUPS CATCH FIRE TOO LATE, DROP 13-6 DECISION

The Washington Hi Puppies' hopes of capturing the SCVAL flag were dimmed last Friday as they lost to Santa Clara's speedy lightweights, 13-6.

The Pups found the Panther scat backs too much to handle. They reeled off two quick touchdowns in the first period and were never headed.

The Junior Huskies couldn't get their usual offense going until the fourth quarter, and then it was too late. The locals' only score came when Fullback Tino Rangel climaxed a 60-yard drive by pounding over from the two.

The Puppies came close to getting themselves a tie with two minutes remaining in the game. Quarterback Bob Hird hit Left End Art Anchundo with a long pass to put the ball deep in Panther territory. The Orange and Black then moved the ball straight up the middle to the 5-yard line. There Halfback Jerry Meyers was hit hard by the charging Panthers, and fumbled. Santa Clara recovered and kept possession until the final gun sounded.

The Puppies will be looking for their third league win tomorrow night as they face the Mt. View Bs on the Eagles' gridiron. Kickoff time is 6.

BEARCATS BEAR DOWN ON BEGIERS

By TONY ROGERS

Making good use of a round dozen walks issued them last Sunday by the San Leandro Begiers, Centerville Bearcats ballooned three hits into a 5-1 victory for their second Winter League win.

While the local batsmen were taking advantage of three Begier hurlers, their own pitcher, Frank Romero, was sizzling hot on the mound, fanning no less than 13 and scattering six bingles.

The Cats did all their scoring in the first two frames. Four straight walks pushed Jess Jacinto across in the initial stanza. Then in the second inning, Ed Romero and Harold Faria drew passes, Don Lemos singled and Jacinto then forced Romero on another walk.

Frank Romero reached first when the Begier third baseman threw wide to home plate, allowing Faria to score. Stan Roderick then slammed in the final two runs with a single.

Jacinto took four free trips to first on as many times at bat. Lemos, Roderick and Bob Lunsford garnered the only Bearcat safeties.

The win was doubly tasty to the Bearcats because the Begiers had beaten them in a recent practice game, and also because a protest by the Begiers had caused the league to declare Second Baseman Mel Nunes ineligible. The San Leandrans claimed Nunes played pro ball last year for a minor-league club. Ted Garcia filled in for him.

Next Sunday's contest will be against the Jim Ellis Sports nine at Centerville. Game time is 1:30 p.m.

Second Mayock Wedding In Los Angeles

For the second time in four months, there's a wedding in the Mayock family.

This time it's Douglas Mayock, son of Mrs. Ann Mayock, who married a fellow-member of the San Francisco Opera Chorus in Los Angeles on Sunday night. Young Mayock is a basso with the opera chorus.

Douglas' bride is Jane Russey of San Francisco, soprano with the famed company, which currently is appearing in the southern city.

The Reverend Arthur Freeman of Centerville, rector of St. James' Episcopal Church, flew to Los Angeles after his sermon here Sunday to perform the ceremony. Mayock formerly was soloist and junior warden at St. James.

Last June Douglas' brother, Lt. Coney Mayock, USMC, married Miss Dorothy Stalbird of Pennsylvania, in rites at Pensacola Naval Air Station, where the young Marine is stationed.

Mrs. Mayock also went south for the wedding.

Hillview Visitors

Mrs. Pat Gazal and two-month-old daughter, Donna, flew from Pittsburgh, Penn., to visit her mother, Mrs. Edna Andolina, and sister, Mrs. Bernard Cloonan and family of Lafayette Avenue, Hillview Crest. Mrs. Andolina and granddaughter, Edna Cloonan, spent the summer in Pittsburgh, returning home in time for school.

Norris Honored by Knights of Columbus

Sixteen past grand knights of the Centerville Council of the Knights of Columbus attended the meeting called to honor Superior Judge Allen G. Norris, who served as grand knight in 1930.

Judge Norris was presented with a pen and pencil set by Postmaster M. W. Lewis.

George A. Coit, charter grand knight, recently re-elected to that position, headed the list of past grand knights of the organization present.

Others attending were Louis A. Mayer, M. F. Silva, Ernest J. Pimentel, Harold DeLeon, Lawrence Keller, T. P. Maloney, Jose D. Luis, Bernard Joseph, Anthony Silva, John Cattaneo, Louis L. Cardoza, Walter Connolly and Joseph Kachalka.

Township Women's Club To Meet Tuesday

Washington Township Women's Club will hear Supervisor Chester E. Stanley speak on "County Government" at the regular meeting November 3.

Mr. Stanley will be preceded by vocalist Marlene Dutra, a student at Washington Union High School, accompanied by Mrs. Harriet Thornburg.

President Anna Bradford has announced the hostesses for the afternoon to be Mmes. Lloyd Bailey, Tom Maloney, Garrett Norris, Earl Hygelund, C. T. Hygelund and Nancy McKeown.

November Wedding for Mary Bissett of Niles

Mr. and Mrs. Earle Hygelund of Niles announce the engagement of their daughter, Mary Ruth Bissett, to A/3c Martin C. Curnow, son of Mr. and Mrs. Clarence Curnow of Mt. Eden.

Martin has been in the Air Force for two years and returned from Korea October 13.

The couple has chosen November 8 as the date for their marriage at the Full Gospel Church in Baumberg, near Mt. Eden.

St. Jude's YLI at District Breakfast

Seven members of St. Jude's Institute, YLI, of Irvington, attended a district communion in Hayward Sunday at All Saints Church. Breakfast followed at the Mandarin Cafe, where guest speaker was past grand secretary Florentine Schagge.

Sunday afternoon representatives of St. Jude's Institute attended the organization of the new institute, Palo Alto Institute No. 209.

Attend Demonstration

Mr. and Mrs. Ed O'Mara of Newark attended a dinner meeting at the Fairmont Hotel in San Francisco last Sunday, where they witnessed an exhibit of the 1954-model Necchi sewing machines. The Necchi machine was introduced to the United States by a European refugee who arrived in this country only five years ago with total cash assets of $1.67. In that short time the Necchi has revolutionized sewing, says O'Mara, who is the Newark Necchi dealer.

Return from Trip

Home from an extended trip to the East is Mrs. Alexander Blaikie Hill of Centerville.

Mrs. Hill flew to St. Louis to visit friends. On the way she spent some time at the home of the Rev. and Mrs. E. A. Groves of Ft. Collins, Colorado. Mr. Groves formerly was rector of St. James' Episcopal Church in Centerville.

PTA Card Party

Irvington PTA will hold a card party October 30 at 8 p.m. in the Community Building. Prizes will be awarded and refreshments served. The public is invited to attend.

NEW 'R's'—Jeanette Dunn, teacher at the Laurel School in Oakland, gets pointers from Al Wild, ceramic engineer at Kraftile, Niles, on chemical changes that occur when granite turns into clay... Antonette Christened

Antonette Jean, third child of Mr. and Mrs. David Escobar of Mission San Jose, was christened Sunday at St. Joseph's Church by Father John Leal. She wore a christening dress used for eight such family occasions, including her father's christening. Mr. and Mrs. Leroy Gomes of Niles are her godparents.

Antonette has a brother, Danny, two years old, and a sister, Barbara, 11 months.

Lions Whist

Annual whist party to benefit the Lions Club eye-correction fund will be held December 6 at 2 p.m. in Washington Union High School.

Roller Fans

Fourteen Newark girls have registered for roller skating lessons at the Rollarena ring near Hayward. Eleven of the girls are scouts who will earn the new roller skating merit badge. Lessons start November 7 and will continue for ten weeks.

The girls are Susan Croop, Brenda Adamson, Patsy Bailey, Marilyn, Lillian and Evelyn Armstrong, Terry Souza, Julie Killi, Cathy Sammon, Mary Lou Kennedy, Peggy and Shirley Barks, Janice Lewis and Shirley Meyers. Mmes. J. C. Kennedy, James Adamson, Buford Barks, Ben Meyers, Henry Lewis and Fred Armstrong will furnish transportation.

Mrs. Kennedy and Mrs. Armstrong have signed up for the adult classes beginning November 2. Girl Scouts of Troop 77 will make their own skating costumes under the supervision of Mrs. Peter Gilli.

New Club Den

Cub Scout Den No. 2 is on its way with the first meeting held last Tuesday at the home of Den Mother Mrs. James Spence, 740 Cherry Road. Six boys are enrolled — Roy Jensen, Michael Spence, David Seifert, Wayne Pierce, Raymond Bowman and Den Chief Ronnie Wright. At their first meeting, the boys made paper bag masks and had ice cream.

One person out of eight will be hospitalized this year, it has been estimated.

Stork News

Born at the Decoto Medical Building:

Mary Louise Vidrio, fourth child of Mr. and Mrs. Louis Vidrio of Walnut Avenue, Centerville, was born October 13, weighing 7 pounds and 9 ounces.

Eight-pound, six-ounce Daniel Ira Pineo was born October 13, second child of the Jesus Pinedos or Ranger Road, Alvarado.

Martin Everett Miller, 6 pounds, 11 ounces, was born October 26 at 6:45 a.m., followed three minutes later by his twin sister, Marie Elizabeth, 6 pounds, 5 ounces. Their parents, Mr. and Mrs. Clyde Miller of 230 Cherry Road, Newark, have three other children.

Mr. and Mrs. Conzettion Esquibel of 317 Ninth Street, Decoto, welcomed their eighth child, Yolanda Santa, on October 27. The baby weighed eight pounds.

HOME FROM SEA

Last week, Jack Lund, engineer on the SS "Patrick," visited his mother, Mrs. Carl Kveseth, and sister, Mrs. Paul Snowden. He had just returned from Yokohama and is due to sail again this week.

Sorry, No Dough

State Highway authorities have no funds budgeted for making the three-lane highway between Niles and Hayward a four-lane thoroughfare.

And they don't know when they will have the money, Asst. Division Engineer B. W. Booker said in a letter to the Niles Chamber of Commerce this week.

Booker was replying to a chamber query. He added the bureau "is aware of the desirability" of a 4-land road, but his department "isn't in a position to say when" it will be achieved.

CENTERVILLE WILL CALL BIDS TO FINISH THORNTON AVENUE SCHOOL

Bids will be sought at once to add six classrooms and other facilities to Centerville's Thornton Avenue School, it was disclosed this week.

Allan E. Walton, clerk to the school district's Board of Trustees, announced that plans for completion of the Thornton Avenue Elementary School have been approved by the State Department of Education, the State Division of Architecture, and the State Allocation Board, Department of Finance.

"The district will now advertise for bids for the addition of six classrooms, cafetorium, and other improvements at Thornton School. It is hoped the project will be completed by September, 1954," Walton said.

Two hundred thousand dollars has been budgeted for Thornton School. Of this sum, $35,000 is district funds and $165,000 will be contributed by the State.

Walton, Claire Lopez and Mrs. Mary G. Rodriques, members of the Board of Trustees, also have placed in escrow the necessary papers for the purchase of a ten-acre site in the Glenmoor tract. This was approved by the State Department of Education, the County Planning Commission, and the State Allocation Board, Department of Finance.

Completion of Thornton Elementary School, plus the present Centerville School on South Main Street, will provide accommodations for 700 students, Walton said.

As soon as priority, based on present enrollment plus houses under construction, justifies it, state money will be released for the third school on the Glenmoor site.

ALERT DEPUTY NIPS BOY CRIME SPREE

A two-boy juvenile crime wave was halted Friday when Deputy Sheriff Tom Bunting nabbed an 11-year-old and a 14-year-old here in the second car they had stolen.

The boys started their career earlier in the day in Walnut Creek. They admitted burglarizing four homes of clothing, change and beer, then stealing a car and wrecking it against gasoline pumps in a Berkeley filling station.

Then they said they stole a second car, intending to drive it south until it ran out of gas.

Bunting spotted the car with the 14-year-old at the wheel speeding through Alvarado, gave chase, and apprehended the duo.

The boys were taken to juvenile hall. The younger is scarcely four feet tall, officers said.

FACES TRIAL

Jack C. Lamb, 25, of Hayward, last week was ordered to face trial in Superior Court on charges of trying to pass a forged prescription for narcotics on Sid's Drug Store, Centerville. Lamb appeared before Judge E. A. Quaresma.

BANK OF AMERICA CONFIRMS REPORT ON C'VILLE MOVE

Purchase of a 25,000 square foot lot on North Main Street, Centerville, between Walton Avenue and Thonrton Avenue, was announced today by Bank of America. The bank will use the location as a site for a large new bank building.

Frank M. Dana, vice-president and supervisor of operations, said that the statewide financial organization plans to start construction within the next 190 days.

Mrs. Mary Rodriques was seller of the property, which fronts on the northeast side of North Main for 100 feet and extends 250 feet to the rear.

A road is to be built that will run alongside the bank property from Main Street, and will permit parking in an area adjacent to the proposed building. This area is expected to cover 17,000 square feet and permit the parking of 55 customer cars, according to officers of the bank's property department.

"It is the bank's plan to provide the Centerville area with an up-to-date banking service, and this modern structure, now being planned, will fill our community needs for years to come," Branch Manager Loren C. Marriott commented.

Size and facilities are expected to be triple those of present quarters. Marriott pointed out that the proposed building program "gives evidence of his bank's faith in the future population growth and expansion of business activity in this region."

The new site is one and one-half blocks from the present branch building. Price of the property was not disclosed but is reported around $30,000.

When we came West, we found out...
Gas and electricity are cheap in California
says Mrs. Stanley Billett, of Bakersfield, shown with her children
How P. G. & E. low rates save the Billetts money
The Billetts' P. G. and E. bill for a recent month was $15.05
In their former home the same amount of gas and electricity would cost $32.20

"Living in California is a wonderful change for us," says Mrs. Billett, who moved West with her husband and children in 1951. "We enjoy the extra room . . . all the trees and flowers . . . the delightful informality. And because gas and electricity cost so little here—far less than where we used to live—we now enjoy the convenience of several extra household appliances."

Yes . . . gas and electricity are a real bargain in California. P. G. and E.'s combined rates are actually *lower* now than in 1938. So let low-cost gas and electricity do more of *your* work . . . give you added leisure.

TEMPEST IN THE CARBURETOR

The hullaballoo over county employees' use of county cars has died down, and we doubt that it will cause much of a saving in tax dollars, or any revolution in county government. It started when Supervisor Bartell and his wife had a wreck coming home in a county machine from their summer home near Sunol. Yet we have heard it said that if Supervisors weren't furnished county cars, they would charge mileage, and the end result would be more expensive.

Trouble is, the weight of argument lies on the side of anythng that's been permitted so long. If the citizenry—and the newspapers who are raising Cain about the Bartell case—had cared very deeply about Supervisors using County cars, or about officials taking expense-paid trips East, they would have prevented the whole thing in the first place. To attack an acepted practice is akin to the assaults of Don Quixote on the windmills. It quickens the circulation, maybe, but the net effect is small. Are windmills a menace? Then their erection should have been forbidden years ago.

SMOG CONTROL — ROAD CONTROL

Two issues have been raised which intimately concern the welfare of the Niles area. One is smog control and the other is highway control. Planners realize the future is closer than we think. They insist we must face both problems soon.

Factories whose uncontrolled smoke fills the air around Los Angeles have brought that boom town to the verge of desperation. County planners suggest that here we may be able to decide otherwise, by selecting only "light" or non-smog producing plants. Via the zoning route, therefore, we may dodge this fate.

Smog must be forseen, still it is a future menace. Today's problem—if indeed it wasn't yesterday's—is the regulation of our highways for beauty, safety and orderly development. Haphazard roadside business not only is an "eyesore," as one local resident put it last week, but it isn't profitable for the owner. Modern trends are to off-the-road shopping centers where customers can park and shop in ease and safety. We would hate to see Niles, a lady who's so easy on the eyes, turned into another Valle Vista—a bedraggled stretch of highway, unrewarding to motorist or merchant.

YOU PAYS YOUR MONEY

More school taxes are forecast by High School Superintendent Goold, and the reason is plain: you can't run a factory turning out 1600 kids with the money it took to turn out 800.

For years, Washington Hi's 75-cent rate was as traditional as the Senior Breakfast. But now the school must double its size, and must hire twice as many teachers, and somehow this has to be paid for.

"Pop" Goold, a practical executive, explains it this way: "If you're going to invite more people and more industries here, it's going to cost you more for education. You can't build a new plant and not staff it."

New things are ahead in our classrooms. Realism dictates that more shop and work-study courses be given for the majority of youngsters whose aims don't include college. Local employers will benefit from this program. In transition from a small to a big school, Washington Hi follows the Township pattern. It is driving forward, in plant, faculty and curriculum, to keep ahead of the growth that is coming.

FRIENDS YOU CAN'T WIN

It seems Sir Winston has decided to give up his trip to Moscow. Not that he thinks he can't convert Malenkov, but his health won't permit it.

We are firm believers in the doctrine of personal contact, except where it concerns the Soviets. We have always thought that both Churchill and the late President Roosevelt put too much faith in their power to charm the stubborn savage. The formula might have worked on members of their own strata and ideological background, but Uncle Joe & Company ate it up, did as they pleased, and hollered for more.

Of course Churchill's repeated statements that he wanted to meet Malenkov and get him to see the light never hurt Churchill with an important block of pacifist-minded Britons. But the face-to-face solution is too pat, too simple. Experience shows us the Dale Carnegie approach to Russia never brought the West a victory—only a Yalta.

ORANGEBURG EXECUTIVES

Arthur T. Kipp Jr. has been named plant engineer, and William P. Paulson office manager of the $2,500,000 Orangeburg Manufacturing pipe plant, scheduled to start operations at Newark next month.

TRACT WITHDRAWN

Temporarily withdrawn last week before the county planning commission was a 155-home tract proposed by Dan Bodily in the Shinn Orchard, Niles. With drainage patterns revised, the subdivision will be resubmitted

Better have your trick or treat candy or cookies ready for Saturday! Judging from last year, one hundred youngsters may ring your doorbell if you live in a new development.

* * * *

This year, when my favorite teen-ager describes my new hat as "crazy" I don't know if he means clever or insane, and I'm afraid to ask.

* * * *

Speaking of teen-agers, the current rage for short hair cuts for girls and long ones for boys can lead to all sorts of confusion. Take for example, the football star who wolf-whistled at two girls, then found it was a couple, male and female, but who could tell in jeans and sloppy shirts?

* * * *

The sad expresion on the face of an Orchard Park housewife after the recent "big wind" was caused by the stacks of leaves blown into her treeless yard from neighbors who owned trees. She remarked as she piled them for burning that she hoped no one objected to the perfume of burning leaves, especially since they arrived uninvited.

* * * *

The first Sunday in months that traffic slowed down in Centerville was when the blinking lights at the railroad tracks were on for over an hour, and motorists who usually fly through stopped

* * * *

The average home-maker seldom has her kitchen knives as sharp as her cutting remarks!

OUR READERS WRITE . . .

Editor, Sir:

It seems to me there are far too many folk around Mission who don't know about the Youth Center the youngsters and a few interested adults are trying their best to reorganize.

True, we do have our officials elected, our by-laws in order, a place of meeting, and a small amount—a pitiful small amount—of equipment. Problems are rampant as is confusion due to lack of useable equipment to keep the members busy and entertained. Frankly our last meeting got out of hand simply because there weren't enough things to do. Therefore we want to ask all you kind readers to help us. Will you?

We need most of all some indoor games like darts, checkers, chess and inside horseshoes. Another net and ping-pong paddle set is needed and a couple or three card tables. In fact, clean out that cellar or closet or wherever it is you toss the many games parents buy their children only to have them outgrow or loose interest in them.

Open your hearts to these kids who really need help in getting back into the swing of having a good time in a real center where they want to and are proud to come and enjoy themselves. Won't you call one of the listed numbers? We will pick up any contribution.

Wm. Murphy, Missioh 2076.
Lois O'Dell, Mission 2661.

Fined $250

Ray B. McCann, 32, of Decoto, was fined $250 by Judge E. A. Quaresma last week after being found guilty of shooting a fawn near hte Calaveras Reservoir. McCann was arrested last August by County Game Warden Fred Rogers.

. . . WHAT'S NEW AT YOUR LOCAL STORES
By HARRIET GITTINGS

The IRVINGTON FOOD MARKET has Appian Way Pizza Pie Mix, a ready mix that will make two fresh baked pizza pies in less than forty minutes. . . .

For a decorating accent, inside or out, CACTUS MAC on the Niles Highway at Decoto, has made-to-order planter boxes using some of the unusual plants he sells . . .

NILES ELECTRIC COMPANY carries Descoware, famous imported cast-iron cooking utensils that are porcelanized for easier cleaning. . . .

Take a look at the Aldon Broadloom on display at NILES FURNITURE COMPANY. This carpet is sold with a guarantee of wear, resistance to fading and moths. A luxury look at a sensible price.

Newest product at the NILES FROZEN FOOD LOCKER is stuffed, frozen turkey, that is self-basting, and ready to put in the oven.

In the NEWARK VARIETY STORE, in the Newark Shopping Center, can be found a wide range of knitting and crocheting yarns, along with needles, hooks, and other accessories.

JERRY'S GIFT SHOP has coaster and tray sets that are washable and alcohol proof, from 50c to $2.98, in many color combinations.

Home plumbing? See JACK ROWLETT GARDEN SUPPLY & RENTALS on North Main in Centerville, and rent a pipe vice, dies, reamer, and cutter.
